- **GItrace-Group Munich**

After an article in a Munich news paper the group was founded at April 21, 2012. The group contains 28 people from and around Munich. But there are some more people from other parts of Germany who are searching for their GI father`s. These persons are asking the Munich group for help. Since the founding date we have had three successful searches. Two father`s are still alive, one died in a car accident in 1954. In these three cases the German sons and daughters are in touch with the father`s or with their relatives in the US. One of the living father`s will be visited in September 2012 by his daughter. The last meeting of the group was July 28, 2012 in Munich. The next one is planned for the end of October, in Munich also.
